
7.0 PREPARERS AND REVIEWERS

7.1 Consultant Disclosure Statement

Consoer Townsend Envirodyne (CTE) has no interest, financial or otherwise, in the preparation of the US-131 Environmental Impact Statement and Record of Decision other than compensation for the services performed and the general enhancement of CTE's professional reputation. The team of professionals which CTE assembled to conduct field studies and analyses was selected based solely upon their qualifications. To the best of CTE's knowledge, no person or firm contributing to the preparation of this document has any interest in the findings or outcome of the process.

7.2 Preparers and Reviewers

Staff	Education/Experience	Title/Responsibility
Consoer Townsend Envirodyne Engineers		
Maureen Turner, P.E.	B.S. Civil Engineering 28 years of experience in transportation engineering and design	Project Manager, responsible for overall direction of the EIS; QA/QC
Bob Rayl, P.E.	B.S. Civil Engineering 18 years of experience in transportation engineering and design	Former Project Manager, responsible for overall direction of the EIS
Farhan Haider	B.S. Civil Engineering M.S. Transportation/Traffic Engineering 5 years experience in transportation and traffic engineering	Traffic Analysis
Robert Thoma, P.E.	B.S.C.E Valparaiso University 30 year of experience in transportation engineering and planning	Former Project Manager, responsible for overall direction of the EIS
Brian J. Smith, P.W.S. and C.W.B.	M.S. Geography and Planning B.S. Wildlife and Fisheries Sciences, South Dakota State University, 21 years of experience in environmental studies	Project Environmental Scientist, responsible for overall environmental studies and content, and QA/QC of the Public Involvement Program

Cheryl M. Nash, P.W.S.	M.S. Environmental Biology B.S. Biology, Governors State University 12 years of experience in environmental studies	Senior Project Scientist, responsible for wetland delineations, mitigation site selection, ecological studies, special waste studies, and air quality analysis
William M. Barbel	38 years of experience in environmental studies	Senior Environmental Planner, responsible for general content, environmental QA/QC as well as air and noise studies
Mary Jackson, E.I.T.	B.S.C.E Michigan State University 9 years of experience In highway engineering and planning	Design Engineer, assisted in the alternative selection process, document editing, document production, and public involvement
James Carter, E.I.T.	B.S.C.E Michigan State University 11 years of experience In traffic engineering and planning including capacity analyses and operations.	Project Engineer, responsible for documentation of the alternative selection process, document production, and review of the Traffic Analysis Report.
Jon Chen, E.I.T.	B.S.C.E Michigan State University 4 years of experience In highway engineering and planning	Design Engineer, assisted in the alternative selection process, cost estimates, document editing, document production, and public involvement
Larry Chick, P.E.	B.S.C.E and M.S.C.E University of Michigan 52 years of experience in transportation design	Senior Engineer, responsible for bridge type evaluation and cost estimate QA/QC
Thomas Sereseroz, P.E.	B.S.C.E and M.S.C.E. Michigan State University 11 years of experience in highway bridge design	Senior Engineer, responsible for bridge type evaluation and cost estimates
Amy Sullivan, E.I.T.	B.S.C.E Michigan State University 6 years of experience in highway bridge design	Design Engineer, assisted with bridge type evaluation and cost estimates
Bridget R. McCollister	B.S. Geologic Engineering, University of Missouri, Rolla/ 5 of years experience in environmental studies	Project Scientist, responsible for special waste, groundwater and geology studies
Susan M. Weber	M.S. Public Administration, Syracuse University, B.S. Public Affairs, Indiana University 9 years experience in environmental studies	Senior Transportation Planner, responsible for traffic noise studies and public involvement
Kamel Kannan	B.S. Civil Engineering, University of Illinois 4 years experience in environmental studies	Project engineer, responsible for air quality studies
Lisa Sagami	B.S. Civil Engineering	Project engineer responsible for noise analysis
Wilbur Smith Associates		
Kirk Haybarker, AICP, RLA	B.S. Landscape Architecture 20 years experience in transportation and environmental planning	Deputy Project Director, EIS document review
Paul Hershkowitz	B.A., Sociology 30 years experience in transportation planning and transportation systems analysis	Senior Transportation Planner, Deputy Project Manager, overall EIS preparation and review

William Ballard	B.S. Resource Development 15 years planning experience	Lead Transportation Planner, FEIS preparation and task manager, environmental justice, public involvement, GIS analysis, environmental consequences, relocation plan
Kwame Awuah	B.A. Geography & Urban Planning M.A. Geography 5 years experience in transportation planning	Transportation Planner, task manager for DEIS document preparation, and travel demand forecasting
Doug LaVoie, PE	B.S. Civil Engineering 14 years experience in transportation engineering and planning	Senior Transportation Engineer, traffic analysis, geometrics, public involvement, impact assessment
Todd Davis	B.S. Environmental Science and Management 15 years experience in engineering and environmental planning	Senior Transportation and Environmental Planner, Document preparation and QA/QC
Chris Nazar	B.A. Economics and Urban Studies M.S. Urban Planning 3 years experience in transportation planning	Transportation Planner, economic analysis, public involvement, Affected Environment, Environmental Consequences, and QA/QC
Kyle Kroner	B.S. Community and Regional Planning, M.S. Urban and Regional Planning 4 years of experience in transportation studies, land use and development, economic analysis	Economic Analysis
Kevin Mulcaster	B.S. Urban and Regional Planning 3 years experience in transportation planning	Transportation Planner; impact analysis; GIS analysis; public involvement and former task manager for EIS document preparation
Melissa Pelkey, EIT	B.S. Civil Engineering 3 years experience in transportation engineering	Engineering Designer, crash analysis, public involvement, and impact assessment
Xin Tian, Ph.D.	B.S. Management Information System, M.S. Transportation System Analysis, Ph. D. Transportation Demand Modeling 11 years experience in planning and modeling	Transportation System Analyst, travel demand forecasting, traffic analysis and simulations, data process and analysis
Tami Beyer	B.S., Hydrogeology Mechanical Engineering Studies	Transportation Planner, exhibit preparation, Environmental Consequences
Craig Casper	B.A. Anthropology and History M.A. Urban and Regional Planning 12 years experience	Senior Planner, Affected Environment, Environmental Consequences
Doug Zang	B.A., Biology 14 years experience in NEPA analysis for transportation projects	Senior Planner, air and noise analysis, Executive Summary, Environmental Consequences, QA/QC
Mark Pierson	M.S. Urban and Regional Planning; Transportation Economics B.A. Political Science 12 years experience	Senior Planner, QA/QC

Commonwealth Cultural Resources Group		
Sean Dunham, RPA	B.A. Anthropology and History M.A. Ancient Studies 16 years experience in cultural resource management	Senior Cultural Resource Manager (Principal Investigator)
Elaine Robinson	B.F.A. Interior Architecture M.S. Historic Preservation 10 years experience in preservation planning and architectural history	Senior Preservation Planner and Architectural Historian
Donald Weir	B.S. Social Science M.A. Anthropology 32 years experience in cultural resource management	CCRG Project Director, QAQC
Robert Linn	B.S. Education M.S. Historic Preservation 4 years experience in architectural history	Architectural Historian
V3 Consultants		
Thomas Slowinski	B.S., Biology, Marquette University, Milwaukee, WI M.A., Environmental Management, Governors State University, University Park, IL 30 years of wetland and environmental assessment experience	Project Director
Julianne E. Janisch	B.A., Biology and Japan Studies, Earlham College, Richmond, Illinois M.S. Natural Resources and Environmental Studies (In progress), University of Illinois at Champaign-Urbana 7 years experience in natural community identification and assessment including floristic surveys	Senior Ecologist
Marc Wojtczak	B.S., Natural Resources/Environmental Sciences, University of Illinois, Urbana, Illinois M.S., Environmental Biology, Governors State University, University Park, Illinois 5 years of ecological assessment experience and was responsible for floristic inventories and wildlife investigation	Ecologist
Thomas E. Hintz	B.A., Biology, Augustana College, Rock Island, Illinois 15 years of experience as a naturalist and a restoration ecologist	Senior Ecologist
Edward Shadrick	B.S. Biological Sciences, Northern Illinois University, DeKalb, IL M.S., Ecology, Northern Illinois University, DeKalb, Illinois 12 years experience in wetland and natural areas assessment, including both plant and wildlife investigations	Senior Ecologist/Project Manager

Edward Belmonte	B.S., Water Resources, University of Wisconsin, Stevens Point 13 years of experience in a variety of water quality, fishery and aquatic resource projects	Aquatic Ecologist
MDOT		
Kitty Rothwell, P.E.	B.S. Civil Engineering 15 years of experience in Transportation Engineering	Assistant SW Region Engineer, Project Manager, EIS review
Jason Latham	B.S. Biology 12 years experience	Regional Planner, Deputy Project Manager, EIS review
Michael O'Malley	B.S. Environmental Science and Biological Education, 16 years experience with NEPA environmental documentation	Supervisor, Compliance and Mitigation Unit, Project Environmental Coordinator, EIS review
David Schuen	B.S. Biology and Botany M.S. Plant Systematics and Plant Ecology 10 years of MDOT experience	Assistant Project Environmental Coordinator, endangered species, coastal zone, EIS review
Paul Wisney, P.E.	B.S. Civil Engineering 24 years transportation engineering experience	Former MDOT Project Manager, Engineering
Jackie Jiran, P.E.	B.S. Civil Engineering 7 Years experience with construction and transportation engineering	Transportation Engineer, Former MDOT Deputy Project Manager, EIS document review
Tom Doyle	B.S. Geography M.S. Urban & Regional Planning 12 Years MDOT transportation planning	Traffic Analyst, traffic review
Bill Taylor, P.E.	B.S. Civil Engineering 8 years MDOT transportation engineering experience	Transportation Engineer, geometric & safety review
Jose Lopez	B.S. Communication Arts 24 years experience with MDOT	Former Public Hearings Officer, PI review
Bobbi Welke, P.E.	M.S. Engineering B.S. Civil Engineering 20 years MDOT experience	Southwest Region Engineer/ Overall EIS review
Robert Briere, P.E.	B.S. Civil Engineering 36 years transportation engineering experience	Region Traffic Engineer, traffic operations review
Michael Jones, P.E.	M.S. Civil Engineering 11 years MDOT experience	Assistant Traffic Engineer, traffic operations review
Greg Johnson, P.E.	B.S. Civil Engineering 18 years of experience	Former Kalamazoo TSC Manager, EIS document review
Mark Barrone	B.S. Business 17 years MDOT experience	MDOT SW Region Real Estate Manager, ROW estimates review
Bob Parsons	B.S. Interpersonal and Public Communications 20 years of experience	Public Hearings Officer/Public Involvement review
Andy Irwin	B.A. Geography and Urban and Regional planning 24 years of experience	Project Planning Section Manager, traffic and project planning issues, EIS document review
Mike Pennington	B.A., M.A. 5 years of experience	Wetland mitigation specialist, provision of wetland mitigation data, document review

Geralyni Ayers	B.A., Agriculture and Environmental Studies 25 years of experience	Supervisor, Environmental Analysis Unit, provision of farmland data, EIS review
Lori Noblet	B.S. Political Science M.U.P. Urban Planning 17 years of experience preparing EIS and EA documents	Resource Specialist, Community Impact/Environmental Justice review
Dave Ricard	B.A. Real Estate 20 years experience in real estate and tax administration	Property Resource Specialist, MDOT Relocation Plan, EIS review
Doug Proper	B.S. Civil Engineering 23 years of MDOT experience in environmental/mitigation	Mitigation Follow-up, Mitigation Summary sheet, document review
Tom Raymond	B.S. Community Development 30 years of experience in transportation planning and land use development	Supervisor, Project Planning Unit. Traffic analysis review, document printing coordinator, EIS review
